Dear CIA FOIA Officer:

Under the Freedom of Information Act, I am requesting a point of contacts within your site fitness facility and/or Environmental Health & Safety management designated to review and evaluate your buildings policies on environmental, health and safety products. Our products are Robotic Shower Sanitizing Systems and it would be mounted inside facility communal shower stalls and will prevent the spread of shower related water borne pathogens by spray-washing surfaces with water, cleaner, and sanitizer.

We market our systems to agencies with communal facility showers to help protect those with skin injuries and/or diseases and medical conditions such as diabetes where using a sanitized shower would be prudent with respect to minimizing the opportunity for acquiring infections. It also serves to separate these at risk individuals shower stall from the general population shower stalls, thereby helping to prevent the spread of disease among both groups.

If there are any fees for copying or searching for the records, please supply the records without informing me of the cost if the fees do not exceed $100, which I agree to pay.

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of any appeal procedures available under the law.

Please feel free to contact me if you have any questions, please call me at 480-753-9394, Phoenix, Arizona.
